

How to make

GOOD VIDEO RESPONSES

Ideas from
7th graders

1

Look straight
at the camera.

2

Don't move
around too
much.

3

Try to avoid
"um", "like" and
"so".

4

Practice
before you
record.

5

Learn to be
concise and
simple.

It's like Goldilocks: not too
much and not too little
just right.

6

Be direct about
what you say.
Also be kind.

7

Make it fun! Give
an example,
analogy,
metaphor or
simile.

8

Smile, have fun
and be
creative!
